

## Dixie Families

We hope that all of our families are enjoying the first part of summer. We are currently working on a healthy start to the 20-21 school year with students returning to school. We will provide families with information this summer as guidelines are defined by the state and plans are finalized for each of our schools.

In the meantime, I have two important updates.

The Dayton Area YMCA is sponsoring a food distribution program for area families through the Y on the Fly Program. The program invites families to pick up several days' supply of shelf-stable food items that are available for all members of the family--not just students. The Y on the Fly truck will be in the Dixie Elementary parking lot every Tuesday (June 16th through the entire summer until August 10th) from 10 am to 11:30 am. This service is separate from our school foodservice for summer on Mondays; families may participate in both programs.

We would also like to alert families that the district's online payment system, EZ Pay, will shut down on June 12th. If families need to make a credit card payment during the last few weeks in June, please call the Dixie High School main office at 937 687 1366 to make the payment over the phone.

In early July, we will transition to a new online payment system to improve the timeliness of online payments uploading to accounts. We will provide families with information on the new system when it is ready.

School offices will be closed during the month of July. If you need assistance during the month of July, please contact the district office and we will be happy to help.

Sincerely,

Greg Williams  
Superintendent, New Lebanon Local Schools
